

Get the Dani Johnson Show on to a radio station where you live!

Here's how you can help:

1. Download and print the postcards you see below. (Print as many as you believe you can use.)
2. Find a local AM talk radio station, or a local Christian radio station in your city/area.
3. Put the address on the postcards you printed out.
4. Sign one and include a personal note to the local "Program Director" or "General Manager" as to why you are such a loyal Dani fan, and express your commitment to getting more listeners in your area to support the show.
5. Pass out the addressed post cards to friends and family that live in your area who will also add handwritten notes to the post cards.
6. Collect the signed post cards and mail them personally to the radio station.
7. Follow-up the postcards with a phone call the following week asking the the Program Director or General Manager if there is any way you can help bring Dani to their station.
8. If the radio station asks for more information give them this phone number 888.340.3373 - Press 2 - and ask for Kevin McCullough.
